## GRAND JURY TRIALS ARE NOW UNDERWAY

Judge Dismisses Action in Minocqua Case—Three Plead Guilty to One Count

On Monday afternoon the adjourned session of the fall term of circuit court convened in this city, Judge Reid presiding.

As the cases of the men indicted by the grand jury for malfeasance in office are being tried at this session much interest is being manifested by the public in the proceedings. The court room has on each day of court been comfortably filled with spectators.

### Grand Jury Cases.

The first of the grand jury cases to come up for trial was that of the State vs. T. M. Bolger, F. L. Schilling and Amy Nise of Minocqua. This case, as charged in the indictments involved the purchase of the sewer equipment from Bolger Brothers for the town of Minocqua and also a bill of \$260 for medical attendance for Mrs. R. W. Scott. Several witnesses were examined and after the testimony was completed, Tuesday afternoon, the court held that no unlawful offense had been committed, withdrew the case from the jury and dismissed the action.

The case now in progress is that of the State vs. Henry Wubker, Sr., Geo. Crow and Mike Urbaytis. These defendants composed the town board of Newbold in 1907. The indictment charges them with unlawfully issuing two town orders of twenty-five dollars each for making out the tax roll for the years 1906 and 1907. Also for issuing an unlawful order for thirty dollars to Carl Krueger for extra work as acting town treasurer. It is expected that the testimony will be finished today.

### Three Plead Guilty.

H. N. Moran, Jerry Driscoll and Joe Habinger, of the town of Pelican, pleaded guilty before Judge Reid, Monday evening, to one count as charged against them in the indictment. This was to unlawfully issuing a salary order for one hundred dollars to the town chairman in 1908. Each was fined twenty dollars and five dollars costs.

District Attorney Miller then moved that the other counts against the men be dismissed and the motion was granted.

The attorneys representing the defendants in the grand jury cases are W. E. Fisher and John Van Hecke of Merrill and D. H. Walker of this city. Attorney H. F. Steele is assisting District Attorney Miller in the prosecution.

### Other Court Cases.

An interesting action for divorce, which occupied the attention of the court on Tuesday was that of Henry Trout of Minocqua vs. Augusta Trout. Trout's wife who is in Germany, refuses to come to this country to live with her husband. The divorce was granted Trout on these grounds.

The case of the State vs. Wm. O'Paika was continued until the March term.

### Many Attorneys Here.

Following are the outside attorneys who have been attending court in this city this week: Attorneys Shea and Dillon of Ashland, Fisher and Van Hecke of Merrill, Parkinson of Phillips, Colman of Eagle River, Ames of Minocqua, and Arens of Milwaukee.

### DEFEAT ANTIGO BOWLERS

The first match game of the season was bowled at the Anderson alleys, Tuesday evening. A team from Antigo was defeated 100 points by a picked team consisting of the star bowlers of this city. The contest had not been advertised and therefore only a few people were in attendance. The Antigo boys were in fine trim for the match while the Rhineland team had been organized on brief notice. Considering this fact Rhineland made an excellent showing.

A return game will be played at Antigo within a short time.

### NOVEMBER BOWLING SCORES.

High bowling scores made during the month of November at the Anderson alleys are as follows:

P. Gaston 202; J. Sohr 205, 201, 212; H. W. McWayne 206; W. H. Acker 211, 219, 221, 223, 233; W. J. Morgan 212, 216, 227; J. Doss 206, 221; H. Junge 210.

## CEASE IS AWARDED PIANO

He writes Long Sentence on Postal Card 1246 Times.

For writing the sentence, "Geo. C. Jewel sells the old reliable Kingsbury piano," 1246 times on an ordinary postal card, Herman Cease, an employee at the Rhineland post office, was awarded the piano offered by Mr. Jewel as a grand prize.

Wm. Gardner was second in the contest. He wrote the sentence on the card 907 times. Third place was awarded to Carl Gardner who managed to jot the sentence down 376 times.

The postal card contest attracted a large amount of attention and there were many people who undertook to capture the piano. Some were able to write the sentence on the card only a comparatively few times while others succeeded in covering the card until it was almost impossible to read the lines with the naked eye. It was a contest where both skill and care were required. The judges were Dr. S. R. Stone, T. C. Wood and A. W. Crusoe.

The piano, awarded to Mr. Cease, has been on exhibition at the Jewell music store for several days and is a beautiful and costly instrument.

## DEPUTY SAYS STORY OF ROBBERY UNTRUE

James Marvin States That Man twice Man Was Not Attacked On Woodruff Streets

Woodruff, the little town in the northern part of the county, was brought into the lime light this week by a report circulated in the daily press that John Klein, a sportsman of Manitowish was being assaulted and robbed by two men on the main street of that village.

### Story of Klein.

The story of the affair as told by Klein to the newspapers is as follows:

Attacked by two men on the street at Woodruff, Monday night while waiting for a train to return to Manitowish from a deer hunting trip in the northern woods, John Klein was seriously injured and bears the marks of a terrible assault.

Klein was robbed of \$25 and a watch and had a deep gash over his left eye which it is feared may impair his sight.

Klein states that he was attacked unexpectedly while walking on the street, and after he had become separated from his companions.

He was brought here by two fellow hunters and is under the care of a physician at his home.

### Real Facts of Case.

James Marvin, deputy sheriff at Minocqua, who was in the city yesterday, informed a reporter for this paper that Klein's tale was untrue. The real facts as told by Mr. Marvin are that the man entered a saloon at Woodruff and ordered drinks for which he later refused to pay. After arguing with him for a reasonable length of time the bar keeper lost his patience and roughly ejected the man from the place. His injuries were probably secured during the fracas. Mr. Marvin says that a large crowd of by-standers witnessed the incident and can vouch for the truthfulness of his story.

## KILLED AT PEMBINE

Geo. Wilson, Woodsman, Is Shot By a Deputy Sheriff

While resisting arrest George Wilson, a woodsman employed at Whitlock's camp on the Soo road, was shot and instantly killed at Pembine Saturday, by C. Storekin, deputy sheriff at that place.

Wilson with several other men from the camp were at Pembine on a drunken carousal. The men got exceedingly rough and when the officer attempted to quiet them they attacked him. Storekin drew his revolver and Wilson grappled with him. The two men fell to the ground and in the encounter the weapon was accidentally discharged and the bullet pierced Wilson's heart. At the coronor's inquest Storekin was exonerated of all blame of the man's death.

Nothing is known regarding Wilson's people or residence. There are several men by the name of George Wilson, who have at different times made their headquarters in Rhineland and it may be possible that one of them is the man who was killed.

## WOMAN SAVES SICK CHILD FROM FLAMES

Mrs. Sohr Carries Fever Stricken Irene Yenor to Safety When Fire Attacks House

The home of Mr. and Mrs. Warren Yenor at 514 Keenan Street, South Side, was partially destroyed by fire between the hours of six and seven o'clock Sunday evening.

### Sick Child in House

At the time of the fire, Irene, the little daughter of Mr. and Mrs. Yenor, was confined in the house seriously ill with scarlet fever. The child was grabbed from her sick bed by Mrs. Henry Sohr, a neighbor, and wrapped in warm blankets hurriedly carried to the Sohr home. The little girl is at present resting easy at the Featherston residence and the physicians believe that she will suffer no ill results from her necessary exposure.

### Team Has Hard Pull

The fire was caused by a defective chimney above the kitchen. It was not until the complete upper portion of that part of the house was a mass of flames that the blaze was discovered by neighbors who turned in the alarm. The department quickly responded, but in coming down Keenan Street the progress of the team was somewhat impeded in the deep sand where some grading has recently been done. The horses proved equal to the emergency, however, and by strenuous pulling soon had the heavy wagon out of the rut. By hard work the firemen succeeded in saving the house from total destruction. The loss to the home and furniture is placed at about \$700 covered by insurance.

## DR. WELCH TO LEAVE CITY

He Accepts Position As Physician With Bundy Lumber Co.

Dr. T. R. Welch intends to leave Rhineland next Monday for Bundy where he has taken the position of physician and surgeon for the Bundy Lumber Company to fill the vacancy caused by the death of Dr. Sperry.

Dr. Welch is one of the best known medical men in this part of the state and for the last twelve years has been engaged in the practice of his profession in this city. He is a physician and surgeon of more than average ability and the Bundy company is fortunate in securing his services.

In departing from Rhineland Dr. Welch takes with him the best wishes and good will of a host of friends. He regrets to leave the city but says the distance from Bundy is not so far but what he can occasionally visit here.

## TO ORGANIZE NEW LODGE

Sam J. Leisman of Merrill, deputy organizer for the Modern Samaritans is in the city to establish a council of the order here. The Modern Samaritans were organized twelve years ago at Duluth, Minn., and is one of the strongest fraternal organizations in the state. Sam, who is a former Rhineland boy, has just assisted in organizing lodges at Merrill, Wausau, and Antigo. The lodge at the latter city has seventy charter members. Sam says that he hopes to secure at least one hundred members in this city and considering his ability as a hustler he will undoubtedly make good.

## LARGE CROWD AT DANCE

Over three hundred people were in attendance at the Thanksgiving ball, given last Thursday evening at the Armory under the auspices of the Military Orchestra. The music was of high class and the long program consisted of a number of the latest and most popular dance selections. The dancers showed their appreciation of the musicians' work by frequent encores. The crowd was a jovial one and all thoroughly enjoyed the occasion.

## PAID THE BOARD BILL

A Finlander, who was wanted by the authorities at Odanah for jumping a board bill, was arrested by Chief Straub in this city, Thursday night. Soon after taking the fellow into custody the Chief received word from the hotel keeper telling him to release the prisoner providing he settled the amount of the bill. This the man willingly consented to do and he was given his liberty.

## NO STRIKE ON HERE.

Rhineland Switchmen Not Members of the Union

The strike of the Switchmen's Union of North America now extending over thirteen western railroads will not effect any of the men employed in the Northwestern or Soo yards in Rhineland.

This is due to the reason that these employees are not members of the Switchmen's Union, but belong to the Brotherhood of Railway Trainmen. Only in the yards of the big terminals are the majority of the union men employed and it is in these yards that the strike is raising havoc with traffic.

Not only in the big cities is the results of the strike felt but it is a detriment to the train service over all the systems. The east bound Soo limited train was nearly two hours late in arriving in this city yesterday morning owing to the difficulty experienced in getting out of the St. Paul yards. Freight trains are also blocked. The same conditions will exist until the trouble between the switchmen and railroads is settled.

The men ask for a raise of six cents per hour and double pay for Sunday work and all over time in excess of ten hours.

## WEDGE PROMISES TO FIGHT THE SALOONS

Omaha Pastor Intends to Return to Take Active Part in "No License" Campaign

In one of his addresses delivered a few evenings ago, Rev. F. R. Wedge promised his audience that he would return to Rhineland next spring and take an active part in the campaign for voting out the saloons. There is no doubt but what the question of no license will again be brought before the voters.

Unlike the majority of advocates for the cause of temperance, Rev. Wedge speaks not from heresy and exaggeration but from actual experience. He knows from long association with the saloon element and life both in front and behind the bar that liquor is the one great curse with which this nation has to contend to-day. He himself was brought into the gutter through over indulgence in drink and only by the exercise of the utmost will power was he able to again arise to his feet and become a man. Should he enter into the crusade against the saloons in this city his influence would probably be of much weight toward putting Rhineland on the "dry" list.

### Attracts Large Crowds

At all his meetings Rev. Wedge continues to arouse the enthusiasm of his hearers no matter to what religious denomination they may belong. He has secured the Armory hall in which to conduct his services and each evening he speaks to large and interested audiences.

Last Sunday afternoon Rev. Wedge held a meeting for men only which was attended by a crowd that almost filled the big hall. He was very plain in his language and did not hesitate to express himself in a manner that one could not fail to understand. There were many in the audience of the opinion that the reverend gentleman could have carried his point as effectively had he been a little more refined in his mode of speech. In truth there were some of his hearers who visibly displayed their disapproval of his remarks. Many men of clean moral habits and respecters of religion failed to be impressed by the germinal.

### Speaks to Mill Crews

With the consent of the manufacturers, Rev. Wedge has during the noon hour of this week been addressing the crews at the various mills and factories. The men have shown deep interest in these short meetings and a number have probably become influenced to lead a better and nobler life through the teachings of the Omaha pastor.

## ODD FELLOWS ATTENTION!

All members of I. O. O. F. No. 43 are requested to meet at the hall at 6:30 o'clock Sunday evening for the purpose of attending in the meeting to be conducted by R. Wedge at Armory.

### FROM NEARBY TOWNS

Marquette—John Kehoe, a Wiscon-  
sin & Michigan railway brakeman,  
killed a deer from a train moving a  
bout thirty miles an hour. He was  
on the locomotive when he saw  
three deer standing on the track a-  
head. Grabbing a rifle which was in  
the engine, he mounted one of the  
box cars and shot at the animals as  
they left the track, killing one of  
them. The train was stopped and  
the dead deer taken aboard.

Phillips-Pendy LeValley, who own-  
ed a building at Hildfield which was  
burned last August, was found guilty  
of arson by a jury. The evidence a-  
gainst the woman was purely cir-  
cumstantial. The jury considered the  
fact that she had put \$1000 insurance  
on the house just previous to the  
fire when the building was not worth  
more than \$500.

Ironwood—No trace has as yet been  
found of Antoine Lepuska who was bank  
lost a number of days ago while he  
hunting near this city. Large search-  
ing parties have thoroughly scoured  
the woods for him with no success.  
It is now believed that the young  
man will never be found alive. He  
has probably been attacked by some  
wild animal and his body grazed  
into a cave.

Ashland—In the neighborhood of  
15,000 fruit trees have been shipped  
into Bayfield to be distributed a-  
mong the fruit growers. About 10-  
000 of these were apple trees and the  
rest cherry. This means the settling  
out of from 100 to 150 acres of fruit  
land. That the Bayfield peninsula  
will eventually become a profitable  
fruit district is unquestionable. There  
are from eighty to ninety acres in  
strawberries at the present time from  
which the growers expect to pick  
and ship about fifty cars next sea-  
son. Besides the several smaller  
tracts, there are 150 acres fruit trees  
in large blocks.

Ladysmith—Ed. Swader and Fred  
Cardinal pleaded guilty to robbing  
Wm. Laurie of Stetsonville and were  
sentenced by Judge Parish at Phillips  
to fifteen months and fourteen  
months respectively in the state re-  
formatory at Green Bay. Joe Penold  
was sentenced to four months in the  
county jail on the same charge.

Ashland—The body of John John-  
son, cook for Okason, a logger at  
Port Wing, was found near the Bat-  
tle Axe road in the vicinity of Slow  
bridge. Johnson was accidentally  
shot while deer hunting.

Prentice—Sam Knutson, a home-  
steader near Fildfield, fell out of his  
boat while crossing a river near  
his cabin and was drowned. Knutson  
had been intoxicated for several days  
and the accident was probably due to  
this fact. The boat which had not  
been upset was found floating in the  
stream.

New London—While walking from  
his home to the railroad station at  
Bear Creek, J. F. Carpenter, chair-  
man of the town of Maine, was at-  
tacked by two wolves. With a  
stout club he beat the animals off  
and came out of the encounter un-  
injured. For years the farmers in  
that vicinity have been pestered by  
wolves.

Hurley—A. J. Moore and Phil Mar-  
cott were arrested for passing for-  
ged checks on Hurley business men.

Eagle River—J. B. Hill, a game  
warden from Friendship was bringing  
an Indian who had killed a deer with-  
out a license to this city, when the  
prisoner made his escape by jumping  
from the swiftly moving train.

Oconto—Wesley and Ray Reed lost  
7000 pounds of fish which they were  
towing to market at Green Bay. A  
heavy sea struck the boat, swamp-  
ed it and the entire cargo was  
dumped into the water. Ray Reed  
was on the tow boat, but he was  
quickly saved by being taken a-  
board the launch.

Crandon—The entire furniture for  
the new court house has been pur-  
chased by the building committee of  
the county board. The order was  
given to the Wallagher Manufactur-  
ing Company of Milwaukee. The  
price was \$3,517.20.

Bessemer—Peter Purloski of this  
place was fatally injured while hunt-  
ing deer. He was shot by an un-  
known hunter who fled after the ac-  
cident. He recovered consciousness  
long enough to explain that the man  
who shot him had hurriedly disap-  
peared.

### KEEP AWAY FROM WEST

The Country Is No Place For a Man  
Without Means

In speaking with a resident of  
Tomahawk, says the editor of the  
Tomahawk, who spent two years in  
the west, his remarks were about as  
follows:

"As a rule when people leave this  
part of the country for the west-  
ern states, they go there with a few  
hundred dollars or more with which  
to establish a location which is to  
their liking. When they reach the  
west they start to spend what they  
earned in these parts in looking  
over the western country and while  
they are doing this they enjoy them-  
selves and everything looks good  
to them. They meet promoters on  
every hand who urge them to locate  
and they are shown a royal good  
time.

"But in most cases, after they  
have looked the country over and  
settled down to business, things look  
different to them and they realize  
their error. The west is full of men  
of all walks of life, many of them  
with barrels of money with which  
to take advantage of every opportunity  
that looks good to them. Every town  
of any importance is well supplied  
with professional and business men  
and laboring men are in such large  
number that wages are not consist-  
ent with the prices of the com-  
modities of life. While the weather is  
fine in some parts you cannot com-  
pare the summer weather in the  
western states with that of Northern  
Wisconsin. And even though the  
winter weather in Northern Wiscon-  
sin is quite severe at times, it is  
preferable to the slush and rain  
which prevails in the western states.  
It is true many Wisconsin people  
have gone west. It is also true that  
many are returning here and that  
many others would return but lack  
of money or pride prevents them.  
Northern Wisconsin is good enough  
for me. A trip out there will cure  
any one of the so-called western  
fever."

In the opinion of Marinette sportsmen, one of the best plans for keeping our Wisconsin forests stocked with deer is to allow people to raise deer for commercial purposes and to sell the venison from the animals raised in this manner. It is believed that this plan would eliminate the ban of all true sportsmen. The hunters are people who hunt as much venison as it is possible for them to get home safely.

Foley's Honey and Tar is the best and safest cough remedy for children. At the first symptoms of cold, give as directed, and ward off danger of croup, bronchitis, sore throat, cold in the head, and stuffy breathing. It brings comfort and ease to the little ones. Contains no opiates or other harmful drugs. Keep always on hand, and refuse substitutes.

J. J. Reardon.

It will pay you to read the ads of the Rhinelander merchants which appear in each issue of the North. Quite frequently good gains are offered and one can save money by taking advantage of such opportunities. For the next three weeks before Christmas the keepers will be advertising holiday goods. All have bought heavily and the stocks are new and complete. Read the ads and learn where you can get the most for your money.

That the mere possession of venison during the open season for deer is not in itself unlawful, is the opinion of Attorney General Frank L. Gilbert rendered in response to an inquiry made by Game Warden George W. Rickerman. "We have a statute," says the attorney general, "which forbids anyone to have in his possession venison, animals or game during the closed season, but this statute would not apply to the possession of venison or game during the open season by any one unless it were shown that such possession was unlawful."

The advocates of doing Christmas shopping early are already in the limelight. They have their alimonitions and appeals in every newspaper in the country. And there is logic in their contention. There are many reasons why it is best to shop early. The buyer has more time in which to make selections and much better advantages all around. It is better to shop early. The buyer will get better selections of goods; will have plenty of time and preserve his or her temper; there will be ample time to exchange goods; the merchant and his assistants will appreciate the efforts of buyers, and the whole holiday season will seem brighter and more cheerful. Don't put off. Get busy.

#### LaFOLLETTE CAPTURES PRINCETON

Whatever else Senator Robert Marion La Follette of Wisconsin may be doing there is no question he is making an impression in outside states with his lectures.

A correspondent of The News happened to be in Princeton when Senator La Follette lectured here last week and it can be said that he is talking much that is new to his home state and that his future addresses in Wisconsin will certainly be interesting to the Wisconsin public, if they are in line with his present lectures.

From his talk there is no question Senator La Follette now believes he is a man with a mission and his mission is greater than any office any man can hold. In his address last week, in speaking of the importance of restoring "Representative Government" to this nation, he said:

#### Cites Case of Heney

"What is defeat in comparison with being right?" Francis J. Heney, who made such a magnificent fight against the corruption of San Francisco, is greater in defeat than his opponent is in victory. Who knows his opponent? There cannot one of you today mention his name. Yet the name of Francis J. Heney, because he has been right, will go down to history.

There are only a few men who make history. What is office any way that honor should be sacrificed for it. How many have occupied high places in this nation only to be forgotten. But the few who have been right are remembered and their names have made history.

#### Defeat in Defense of Right

"I scorn defeat if defeat comes in defense of the right and in the fight to restore to this country and to our posterity the government our fathers had. It is a great battle but it is a battle which will eventually end for the right and history will remember the men who have the courage to battle for their convictions."

Sen. La Follette is no common lecturer. Hoarse and almost ill when he started speaking last night he did not at first have the sympathy of his audience, which in point of culture was exceptional. Princeton is an old New England town transplanted into the heart of Illinois. Founded by brothers of William Cullen Bryant it was colonized from Massachusetts and three-fourths of those who listened to Senator La Follette last week have no difficulty in tracing back their lineage to the Pilgrim fathers.

Senator LaFollette came to them a stranger. At first the audience was inclined to be cold and critical. The senator had not his usual magnetism. But he conquered his physical ailments and by the end of the second hour of his address he was talking with a fervor he has rarely reached before in his addresses and during the entire last half of three hour and forty-five minute address he held his audience spellbound. Born of sires who made Princeton a well known station on the underground railroad in the days preceding the civil war, Princeton men and women are by nature patriots. They last week believed Senator La Follette a patriot and the enthusiasm which greeted the closing moments of his address was remarkable.

The Store That Sets the Pace. Originators of Low Prices.

loved Abraham Lincoln and old men from that audience came up that night after the speech was over and told Senator La Follette that his fervor and his address reminded them of the stirring days when Lincoln was stamping Illinois and telling a nation that it could not exist half slave and half free.

To Wisconsin heavers the only part of the address which Senator La Follette is now delivering that is new is that portion on the tariff, and he makes this but a minor portion of his speech. He has however, clothed his old "Representative Government" talk in new language, to which there is much added color, and the heart of the zealot for the cause he believes is righteous is shown in his address as never before. It is not the speech of a demagogue, but it is the talk of a man who believes he has a message to which is added the

ability of an actor who, had he chosen the histrionic art, would have made a great success upon the stage.

Arouses Great Interest  
It is thus Senator Robert M. La Follette is talking to an outside world and when he tells of the rule of Aldrich and of Cannon in the halls of congress and the control of the nation by the Morgan and Rockefeller interests he rouses an interest even in the most hardened political opponent which cannot be denied.

What the result of this kind of a campaign by a man whose worst political enemy must admit believes he has a message only future political results can foretell.—Milwaukee News.

has been a busy one for the doctors

### ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable. His misfortune should serve as a warning to others. Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing—Pepsin. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the pepsin in a form almost identical to that naturally created by the system when in normal health, so that it restores to the gastric juices their digestive power, and thus makes the stomach strong and well.

We want every one troubled with indigestion and dyspepsia to come to our store and obtain a box of Rexall Dyspepsia Tablets. They contain Bismuth Subnitrate and Pepsin prepared by a process which develops their greatest power to overcome digestive disturbance.

Rexall Dyspepsia Tablets are very pleasant to take. They soothe the irritable, weak stomach, strengthen and invigorate the digestive organs, relieve nausea and indigestion, promote nutrition and bring about a feeling of comfort.

If you give Rexall Dyspepsia Tablets a reasonable trial we will return your money if you are not satisfied with the result. Three sizes, 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Rhineland only at our store, — The Rexall Store. J. J. Reardon, Rhineland, Wis.

STATE OF WISCONSIN, COUNTY COURT FOR ONEIDA COUNTY, In Probate.

D. 1929, at ten o'clock, A. M., the following matter will be heard and considered.

The application of Eva S. Clawson for the appointment of J. C. Alderson of Wausau, Marathon County, Wisconsin, as the administrator of the estate of William H. Clawson, deceased, late of the town of Minowau, Oneida County, Wisconsin.

### STAMP SALE BEGINS

The eyes of the nation are on Wisconsin from now until New Year's eve, watching closely the Wisconsin Anti-Tuberculosis association's campaign to sell 3,000,000 Wisconsin Xmas stamps at one cent each to raise funds for continuing the fight against consumption so auspiciously begun last January with the proceeds of the 1928 sale of Christmas stamps. From the very beginning of the world-wide movement to stamp out tuberculosis, Wisconsin has taken a leading part. The results are already apparent. The death rate from consumption has actually been lowered. If the 1929 stamp campaign is a success, next year and each succeeding year should see even better results, saving of more lives.

The intending purchaser of Wisconsin Christmas stamps need not go far to get them. There is a local campaign manager in almost every city and town, who has on hand a good supply. It should be a matter of civic pride to buy stamps at home, for each purchase helps a town to not only gain an enviable rank in the anti-tuberculosis crusade, but increases the towns chances of winning the prize of an Aero vacuum cleaning system valued at from \$700 to \$1000, donated by the American Air Cleaning Co. of Milwaukee. The city of 2000 or over selling the most stamps in proportion to the population in the 1925 census wins the prize. The local campaign committee then selects a school, if the town has more than one, in which the system is to be installed.

Everybody should "Buy a Wisconsin Christmas Stamp." It helps "Stamp Out the White Plague."

### HOTELS FEED MANY

That there were many people in the city who did not take the trouble to cook their Thanksgiving dinners was evidenced by the large business done by the local hotel men that day. Hundreds of people were fed at the hotels, and the restaurants too were well patronized. Special menus consisting of turkey and all the trimmings had been provided.

### How One Doctor Successfully Treats Pneumonia

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by F. L. Hinman & Co.

### MORE DANVILLE PROOF

Jacob Schrahl, 432 South St., Danville, Ill., writes: "For over eighteen months I was a sufferer from kidney and bladder trouble. During the whole time was treated by several doctors and tried several different kidney pills. Seven weeks ago I commenced taking Foley's Kidney Pills, and am feeling better every day and just what Foley's Kidney Pills did for me." J. J. Reardon.

### THE BIRD HAD FLOWN

The police received a telegram from Sheriff Ellison of Shawano Monday, asking them to arrest Carl Mansfeld.

Mansfeld arrived in this city Saturday and was engaged by Messrs. Hanson & Taylor as musician at the Bijou. He probably became aware that the authorities were searching for him as he hurriedly left the city Monday and was last heard of at Antigo. The chief of police of that city was notified to hold him.

It is not known upon what charge Mansfeld is wanted. Mrs. West Wilson and daughter went to Monico yesterday morning.

### THINGS ABOUT NEWSPAPERS.

Speaking about newspapers, an exchange says: "Did you ever think of the difference in running a newspaper and running a hotel? Well, it's like this. If a man goes into a hotel, and sees something on the table he doesn't want, he doesn't go to the landlord and tell him not to put such as that on the table again, or to shut up his hotel. He just sets that dish aside and proceeds to devour those that suits him. Some men, on finding an article in a newspaper, which they do not like and without stopping to think that it may apply and be satisfactory to hundreds of other people, fly off at once and tell the editor that he will have to stop such as that or stop their paper. They think they know how a paper should be run and just what should be put into it, and do not hold back on telling him so. Be liberal. We all have different opinions."

### ADELOSINE MEDICINE COMPANY

New Remedy Concern Establishes Business in This City.

The Adelosine Medicine Company is the name of a new concern which has established itself in this city.

The company manufactures a remedy known as Adelosine, which is said to have no equal on the market as an external application for lungs.

It is not a patent medicine but a clean, antiseptic remedy far superior to the many pastes and poultices sold for the same purpose.

The company has received flattering letters from people all over the country, including prominent physicians and nurses, which testify to the virtues of Adelosine.

The company intends to expend much money in advertising the remedy and by this way will greatly promote its sale. The day is probably not far distant when the name Adelosine will be seen in every street car and on every bill board and barn in the country.

### KEEP YOUR HORSES WARM

As the cold weather of winter approaches Rhinelander teamsters should make provisions for the proper care and comfort of their horses when on the streets. Do not let a horse stand for any length of time without a blanket. Farmers coming into the city to spend the day should find shelter for their teams and not allow the animals to remain shivering for hours in some side street or alley. The local officers of the Humane Society will arrest all drivers who do not provide for the warmth of their horses on cold days.

## DEER HUNTING SEASON ENDS

Few Animals Are Slaughtered in Oneida County Woods

The stroke of twelve Tuesday night marked the close of the deer hunting season for 1909 in Wisconsin. The hunters are allowed until Friday, December 3, in which to make shipments of deer.

Conservative estimates place the number of deer slaughtered in Oneida county this year at just about one third of that of last year. The fact that the law permitted only one animal to each person tended to keep many hunters out of the woods.

There were very few non-resident hunters in the county this season. The majority of the strangers who hunted in this section were from Milwaukee and other cities in the southern part of the state.

In this county there were but few hunting accidents and only one proved fatal. In the entire state, however, there occurred about the usual number of accidents and the deaths from injuries were many.

While there were two or three game wardens on duty in this vicinity they experienced very little trouble with violators and the arrests were few.

The result of the Notre Dame-Marquette contest, a tie 0 to 0, came as a surprise to the fans, the majority of whom had expected to hear of a victory by the Hoosiers.

In the game for the High foot ball championship of Wisconsin played at Milwaukee, Saturday, Chippewa Falls defeated the Marinette team by a score of 15 to 0.

The two teams put up a grand fight. Dorals of Chippewa Falls proved himself a clever little quarter back and his punting was wonderful.

Senator Stephenson banqueted the teams at the Hotel Pfister, Saturday night.

## The Conover Piano

is a means for broader development in musical study. With a Conover it is easier to become an accomplished musician.

ABILITY is but one element of progress with the pianist. The piano is the other.

The most skillful player must have an instrument which responds correctly and sympathetically to his touch, if he is to attain the highest success.

And it is to fulfil the demand of discriminating musicians that we offer the Conover, a piano that has all the qualities of tone and action so essential for obtaining the most artistic musical expression.

Such a piano naturally appeals to those musicians and students who work for progress, who feel that the present is but a preparation for the future, and who demand a means by which their ambitions may be fully realized.

To use a Conover Piano is to make assured the full measure of success that can reward your efforts under the most favorable conditions. It is to have an instrument that will give the widest scope to your ability.

We invite everyone who is interested in music to examine the Conover Pianos we have on exhibition.

Those who wish to purchase will be interested in the terms we make.
